

Speaker Bio: Kevin Chartier has more than 25 years of experience in the pharmaceutical industry across various statistics, biometrics, and biostatistics functions.

As Principal Advisor of Biostatistics and Submissions Planning, Kevin works with the biostatistics team across MMS global operations to support Sponsors with complex studies, programs and submissions across various therapeutic areas and extending to rare diseases. In addition, he acts as the senior technical reviewer for complex biostatistics studies and advises Sponsors on biostatistics methods and efficiencies for health authority submissions.

Prior to MMS, Kevin has held various leadership positions at Astellas Pharma, Novartis, United BioSource Corporation, Wyeth, Pfizer, and Harris Laboratories. He completed his Ph.D. in Statistics from Kansas State University.
